三

the first time in history that the people of the United States have been asked to consider the question of whether they shall accept or reject a plan which has been proposed by their Government for the regulation of their foreign commerce. The question is, whether they shall accept or reject the bill introduced into the Senate by Senator George F. Edmunds, and known as the "Edmunds Bill," which has been referred to the Committee on Foreign Relations.

A screenshot of a Java Integrated Development Environment (IDE) showing a single file named `HelloWorld.java`. The code contains a main method with a print statement. The IDE interface includes a toolbar with various icons, a left sidebar with project navigation, and a bottom status bar.

```
public class HelloWorld {  
    public static void main(String[] args) {  
        System.out.println("Hello World");  
    }  
}
```

```
public void main(String[] args) {
    System.out.println("Hello, World!");
}
```

```
case <#D01> <#E02>
    and <#E03> myCondition {
        <#E04> if <#E05> <#E06> getMyLog()
            <#E07> <#E08> print <#E09> "myLog"
            <#E10> <#E11> return <#E12> <#E13> <#E14> <#E15> <#E16> <#E17>
```
